VOLUME XIV

THE CLEARFIELD PROGRESS, CLEARFIELD, PA. TUESDAY EVENING NOVEMBER 18, 1919

NUMBER 110

WILL REQUIRE WEEKS TO MAKE THE SCALE

FREIGHT EMBARGO AND RESTRICTION ON OTHER FACILITIES IS CONSIDERED

MORE MINES ARE IN OPERATION TODAY BUT PRODUCTION STILL WOEFULLY SHORT OF DEMAND

KANSAS TRYING AN EXPERIMENT

WASHINGTON, D. C. Nov. 18—Miners and operators agreed today that the negotiations now going on may require weeks. Direct negotiations were called off yesterday to permit operators to meet and prepare counter proposals to the miners' demands. Operators were in session today and again last night. They hoped to present their proposals today. The proposals will include a substantial wage increase but the increase will not approximate the 60 per cent. demand asked by the miners Saturday when negotiations opened, the operators said. Miners contend they are asking nothing else.

May Embargo Freight and Reduce Passenger Traffic

CHICAGO, Nov. 18—An embargo on all freight shipments and a 50 per cent. reduction of passenger service to conserve the supply of coal was to be considered at a meeting of railroad directors with Director of Railroads Hines here today. The supply of coal due to the miners' strike is growing small and immediate drastic steps must be taken to save the fuel for necessities it was said before the meeting.

The Kansas Method

PITTSBURGH, Kansas, Nov. 18—Governor Henry J. Allen today began his appeal to miners of the southern district of Kansas to dig coal for the people of the state this winter. This is the second step of the state government to save the citizens of Kansas from suffering. He will visit the miners' camps this week to urge the men to return to work under the state's direction following the Kansas Supreme Court action in taking over the operation of the mine property. Under the court's order, the mine owners are ousted and the state operates the property.

The attitude of the miners toward the state's directorship was problematical today. Approximately 8,000

H. & C. TELEPHONE COMPANY EMPLOYEES ORGANIZE.

A meeting of the heads of departments in Clearfield and adjacent exchanges met at the General office this morning and elected a committee of one male and two female employees to represent them at the General Council, which will meet from time to time, to adjust all differences, confer on ways and means of increasing the efficiency of the general force, and in every way possible, improve the service to the general public.

All expenses in connection with this organization including transportation and hotel expenses of employees attending meetings are paid by the company, also full salaries when engaged in such work.

The aim is to increase a spirit of co-operation among the employees, and by so doing increase the general efficiency and ultimately to benefit the public by improved service.

HEARST BUYS BRISBANE PAPERS

WASHINGTON.—The Washington Times, purchased by Arthur Brisbane in 1917, has been sold to Wm. Randolph Hearst, it was announced today. "I have also sold Hearst my newspaper in Milwaukee, the Wisconsin News, purchased by me a year ago," Brisbane said. Brisbane will continue to edit the Times.

The Local Situation

According to information gathered locally from all sections of District No. 2 this morning there are a number of operations throughout the district which are working at full capacity, while at a great number of places there is some coal being produced.

Those reporting full capacity today are: Snowshoe, one mine in the Broad Top region Cardiff mine at Nanty-Glo the Glenwhite mine at Galitzin, Eureka No. 29 at Becaria, Midvale No. 3 and 4 of the W. A. Gould mine, the Glenside mine. Boardman and Rossiter were reported working yesterday.

The Liberty mine which is one of the Swoope operations reports 60 per cent. production today. Yesterday this mine loaded sixteen cars. Viola No. 1 at Janesville reported 30 per cent. production. Glenmar, Eagle Colliery, Red Jacket mine and the Cusick mine reported from 50 to 60 per cent. Along the B. R. & T. there is reported to be a gradual resumption of work.

The Phillipsburg region, practically all of Houtzdale, Spangler, Barnesboro, Winburne, Morrisdale and Clymer are completely closed down.

THE FREIGHT WON

Cal Parros and Frank Athens, the Curwensville confectioners were traveling between Clearfield and Curwensville last evening about 6 o'clock. They were traveling the river road in a Ford and attempted to beat a Pennsylvania freight train to the crossing above Riverview bridge. It was a close heat, but judging from the remains of that flavor the freight won. As they approached the crossing and saw a collision was inevitable the "cranky butchers" both leaped from their fast moving machine and the poor old Ford tumbled alone onto the track ahead of the engine. The car was a total loss but nobody hurt.

Mrs. G. B. Shively, of Woodland, was shopping in town yesterday.

LUCKY AND UNLUCKY TURKEY HUNTERS

Bowman Brown and Henry Rhine were the only Clearfield hunters to celebrate the opening of the wild turkey season by bagging wild turkeys. These lucky hunters were down in Clinton county and each landed a fine turkey opening day.

County Treasurer Kline, Leslie Stewart and Tom Bowman are over in Hartington county yet after turkeys. It is said the farmer they used to get them from, has moved away from that county.

NAME SELECTED FOR LOCAL POST OF THE LEGION

John Lewis Shade, First Local Boy to Die in Action, Honored in Naming of Post

OFFICERS ARE ELECTED

The meeting of the local American Legion in the K. of C. hall resulted in the official naming of Clearfield post and the election of officers for the ensuing year.

The post was officially designated as John Lewis Shade Post No. 6, American Legion. The name was given in honor of and to perpetuate the memory of John Lewis Shade, the first heroic Clearfield boy to die in action against the Hun on the western fields of France.

The election of officers resulted as follows:

Post Commander—Fred E. Harr. Vice Commander—Earl Shirey. Post Adjutant—Harry R. Evans. Finance Officer—James Mitchell, Jr. Historian—R. H. McWhinney. The annual dues were fixed at \$5 per year, apportioned as follows: National, \$1.00; State, 50c, and local dues, \$1.50.

The following Executive Committee was appointed: Julian Chase, Chairman; Dr. W. S. Piper, Samuel Powell, Clarence Kramer and Dent Holden.

The Post decided to accept the offer of the Knights of Columbus of their rooms as a meeting place for the present.

The Armistice day dance committee reported a balance of \$72 after all expenses had been paid.

Delegate Prosser made his report on the work of the national convention.

The thanks of the Post were extended to J. L. Shillenn, C. M. Rhine and Stewart's Drug store for cigars donated for the smoker.

WILSON'S HEALTH STILL DEMANDS VIGILANCE

WASHINGTON, Nov. 18—President Wilson is not showing such a steady gain that he cannot have a relapse it was learned today. His physician is still exercising the greatest care. His progress is better than had been hoped for. His health is better from day to day.

PRESIDENT VETOES CUMMINS RATE MAKING BILL

WASHINGTON, Nov. 18—President Wilson today vetoed the Cummins rate bill which would have restored the Interstate Commerce Commission to its pre-war power over railroad rates.

STOCK OPENINGS

NEW YORK.—Prices were irregular at the stock market opening today. United States Steel opened at 105 3/4 unchanged, Studebaker at 11 1/2 up 1/4, Baldwin at 105 1/2 up 3/4, Bethlehem B. at 90 up 1/4, Republic Steel at 107 1/4 unchanged, and General Motors at 319 3/4 up 2 1/2.

CONCERT THURSDAY EVENING

The advanced pupils of the Susquehanna College of Music will give a recital in the College of Music Thursday evening at 8:15. Among the pupils taking part will be the 1920 graduates—Miss Wanda Hatch and Miss Anna Way, whose playing last year attracted so much attention. There will also be fine vocal numbers.

BAPTISTS ATTENTION

There will be an important business meeting at the Baptist church Wednesday evening at 7:30. Every member is requested to be present. N18-25-c

Mr. and Mrs. E. A. Gollinger and Mrs. C. M. Minton of New York City are the guests of their mother, Mrs. James M. Gollinger on South Fourth street.

MAYOR VETOES ALLEY PAVING ORDINANCE

Council Passes Resolution Curbing Repair Expenses Of the Fire Dept.

OTHER MATTERS DISCUSSED

Nine of the twelve members of Town Council participated in the deliberations of that body at the regular semi-monthly meeting in the borough building last evening. Burgess Chase was also present.

Following the usual routine business when President Fletcher called for a report from the Burgess, Mr. Chase returned the Ordinance providing for the paving of the alley leading from Cherry to Walnut street between Second and Third street with the following veto.

Clearfield, Pa. November 15, 1919

I veto the ordinance passed by council on the third day of November, 1919 which provided for the paving of the alley between Cherry and Walnut streets, lying between Second and Third streets for the following reasons:

First: I do not think the Borough funds should be spent to pave alleys until the streets are put in proper shape. Third street, one of the most important business streets in the city has been and is in a disgraceful condition; also a large part of Fourth Street; also Leavy Avenue between Third and Second streets; also Gulien Avenue on the West Side. All of these streets are in very bad condition and should be repaired before any more ordinance to pave alleys has been passed. I believe it would be more acceptable and beneficial to the people of the town if the funds provided for in the ordinance passed by council would be spent in improving the streets which I have mentioned above.

I think a few loads of ashes in the alley which has been mentioned in the ordinance passed by council would make it possible until the Borough improves some of its important streets and is in a better financial condition to make the improvement of the said alley.

I therefore veto the ordinance of the Third day of November, 1919.

JOHN M. CHASE

Burgess W. L. Wall presented a petition signed by about twenty citizens residing in the vicinity of Textile and Crozier Avenues asking that street lights be located in that section. A report by and asked to council for similar petition from the Clearfield Textile Co. was also read to council, in which a fire plug was also asked for. The applications were referred to the proper committees, council being of the opinion the request

TREATY FIGHT IN ITS LAST CHAPTERS

Both Sides Sparring For Final Advantage With Some Hope Yet For Harmony to Prevail

VOTE IS LIKELY TOMORROW

WASHINGTON, Nov. 18.—Efforts to win a favorable decision on the peace treaty were going on today. Administration leaders who oppose the Lodge reservation were trying to get together with the mild reservationists on the Republican side.

Republican leaders insist that President Wilson's statement that he will pocket the treaty if the Lodge reservation wins has fallen on deaf ears in the Senate. Some mild reservationists also held that view. Others, however, are said to be contending with Senator Hitchcock on the compromise

should be granted as soon as possible. A communication was read from David E. Anderson announcing the stopping of work on their strike, and job and offering the return of a haulage roller.

Borough Solicitor Urey presented the necessary resolution for the assessment of the cost of paving the Opera House alley and after being read the council the same was unanimously passed. The total cost of the improvement was \$878.68 and the cost per foot, \$4.32, one third of which was borne by the borough. The remainder was assessed against the properties abutting on either side of the alley at the rate of \$1.46 per foot. The borough's share of this alley paving was \$22.88.

Complaint of A. R. Chase, Esq., on behalf of Hiram Schiefer, regarding water running from the west end of the Second street bridge approach was referred to the county commissioners, as they had jurisdiction over the bridge approaches.

Bill to the amount of \$152.50 to repairs to the Elk Hose company truck on account of damage received while attempting to respond to a fire alarm from Woodland last month, created a great deal of discussion and the following resolution was unanimously adopted:

Resolved, That the Fire Department be at once notified that hereafter all bills for supplies, repairs, etc. for any of the fire apparatus must be requisitioned of and ordered by the Property committee of council, and that no bills from the Fire Department will be honored by council except by and ordered to council for payment by said Property committee.

Notice to build sidewalks in front of their properties on Daisy street were ordered served upon A. J. Pratt, William Colquhoun and Cecil Minton.

The Property committee was instructed to have necessary repairs made to roof of Elk Hose house, and notify Mrs. Wilson Holt to remove her building which is leaning over against the fire house.

Engineer Hess reported the Biggs Avenue sanitary sewer about completed.

L. D. Ogden, of Baltimore, is the guest of Clearfield friends at present.

Miss Edith Harley spent the week end in Curwensville.

HUNTING CLUBS BUYING LARGE LAND TRACTS

Whitmer-Steel Company Disposing of Several Eleven Hundred Acre Warrants.

ARE DESIRABLE PROPERTIES

The Whitmer-Steel Lumber Company have almost completed their lumbering operations in Clearfield county and have piled much of their log load extending from the mill on the West Side out into the mountains north of town. The railroad equipment is being shipped to the large operations of the company in Virginia. Now that the timber has been removed the company is selling the surface of their 20,000 acre tract to local sportsmen for fishing and hunting reserves.

During last summer the Punxsutawney Hunting club purchased four 1100 acre tracts along the headwaters of Trout and Laurel runs and will convert the entire 4400 acres, some of which would make fine farm land into a hunting preserve, upon which they already had selected a handsome and commodious hunting camp.

Last week the Stone Run hunting club, composed of local sportsmen, closed a deal with the Whitmer-Steel Company for tracts No. 5303 and 5304, of 1100 acres each, located on the headwaters of Stone and Little Run in Lawrence township. This club also has a well appointed hunting camp about the center of this place. Their property is two miles square, extending from a point just beyond the "Big Prairie" the McGee road to a line which crosses Stone run about one-half mile above the Barnett dam. It is about as desirable a location as could be picked out in this section and is considered a highly advantageous purchase.

The Pitch Pine Hunting club are negotiating with the Whitmer-Steel people for warrants Nos. 5304 and 5305 immediately joining the Stone run property on the north and paralleling it along the McGee road. The Pitch Pine camp is also on this tract. Both these tracts join the Punxsutawney club purchase.

structed to have necessary repairs made to roof of Elk Hose house, and notify Mrs. Wilson Holt to remove her building which is leaning over against the fire house.

Engineer Hess reported the Biggs Avenue sanitary sewer about completed.

L. D. Ogden, of Baltimore, is the guest of Clearfield friends at present.

Miss Edith Harley spent the week end in Curwensville.

LINEMAN KILLED AT THE POWER PLANT TODAY

Paul E. Root, Young Man With A Widowed Mother, Meets Death In Performance of Duty

FELL FROM TOP OF POLE

Paul E. Root aged about 19 years, was instantly killed about 9 o'clock this morning at the local power plant of the Penn Public Service company, his head and breast having been crushed in a fall from a pole.

The accident occurred while a force of workmen were engaged in removing a section of smoke stack which had broken off and was dangling in the air. Young Root was located on the top of a twenty-foot pole on the Third street side of the plant to which a guy wire from the stack was attached. Another man was placed in a similar position on the other side with instructions to cut the guy wires as the stack was lowered. When this wire was cut and the strain or weight transferred to the pole Root was on it snapped off at the ground and he was hurled to the ground the pole falling on top of him and crushing his life out.

Dr. W. Terworth was quickly summoned from his home nearby and arrived on the scene in a very few moments, but his services were not required as death had been instantaneous and the young man never knew what hit him.

Paul E. Root lived with his widowed mother, brother and sister in the rear of the Clearfield Milk depot. He had been employed by the H. & C. Telephone company and Penn Public Service company as a lineman for some time. He was an industrious, energetic young man and enjoyed the outdoors and was a member of all who were known and his sudden taking off was a sad shock to his loved ones and numerous friends.

ORDERED TO STAY OUT OF COUNTY, HE RETURNS: IS KILLED

YOUNGSTOWN, Nov. 18 — Because he disobeyed the sentence of the court that he remain out of the county John Henry was murdered last night. Two neighbors, Edward and Charles Rodney, brothers, are charged with the murder.

Henry was convicted three years ago of carrying concealed weapons and was ordered to remain out of the county. He returned recently and last night engaged in a fight with the Rodney brothers. One of the men is said to have struck him on the head with a club. He died ten minutes later.

COMPENSATION HEARINGS HERE TODAY

Compensation Referee Jacob Snyder heard argument at the court house today in a number of disputed compensation cases which have been pending for some time.

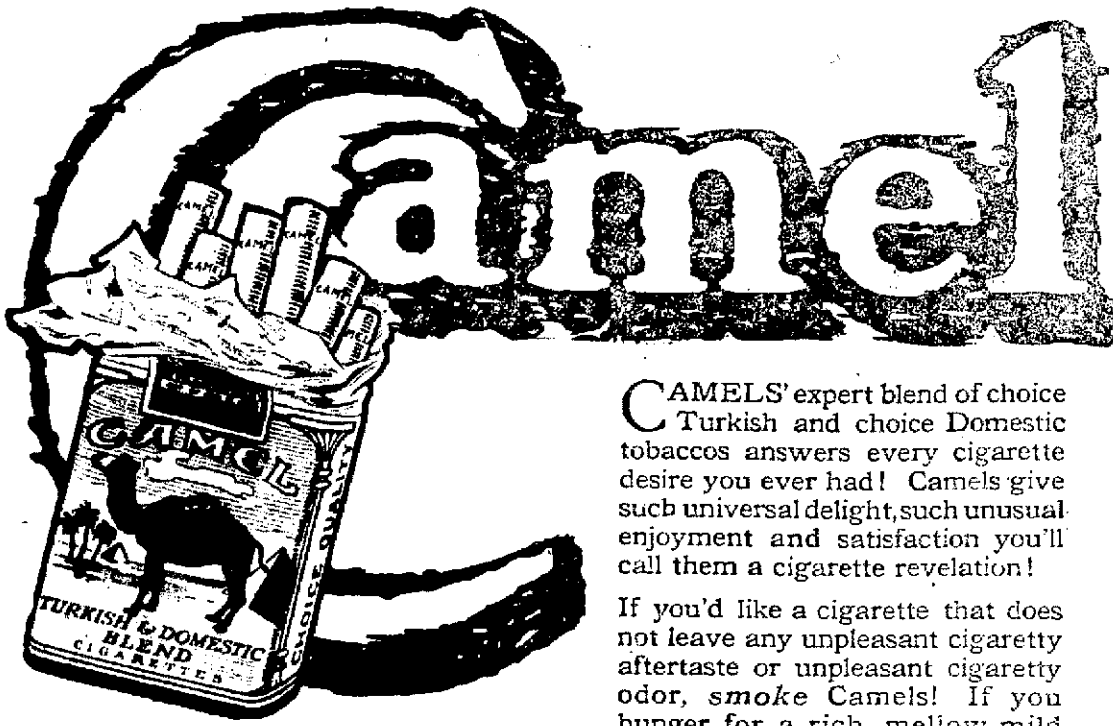

The first case heard was that of Clara Moore who is suing a diamond drilling company he was teaming for August 28th last when he received serious injuries in a runaway accident on Port Run hill near Boardman. Moore suffered four broken ribs and injury to his spinal column and claims he should be further compensated, although the company contend he has fully recovered.

The case of Wallace Chase against the Lewis Emery Oil Co. was heard this afternoon. Mr. Chase seeks compensation for injuries received when run down by an automobile on Nichols street in September of 1918.

Jacob McCracken of the 6th Infantry, First Division U. S. A. is home from Camp Zachary Taylor on a 30 day furlough visiting his parents Mr. and Mrs. J. M. McCracken at 223 West Sixth avenue.

NEWLY ELECTED WOMAN SUNDAYMAN AIDS GIRL, 12, IN Her name, Smith, As a young girl, she has been a member of the Sundayman's group in New York, of which she is a member.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Edward Gerill, chief engineer at the P. H. & L. factory has been off duty trying to cure a case of rheumatism. Johnny Haulton has charge of the steaming department during his absence.

Sunday was a joyous day among the members and attendants of the M. E. church. Two or three sessions were held during the day. At the evening services thirty converts were taken in on probation. These revival meetings started on November 1st and up to the present time there has been fifty-three conversions. The meetings are increasing in interest nightly and the attendance thereof has been larger than any one expected they would be under present conditions.

Harry Smith living along Lumber City road, met with a serious accident on Monday on the Watts farm. Though not employed on the farm he was asked by the driver of the team to drive it one trip. While thus engaged one of the horses kicked him, throwing him several feet and injuring him so severely that he had to be taken to his home. Dr. Woodside was called and found that two ribs had been broken. It was a very painful injury and will keep them from his work at the Paterson clay mines for some weeks.

The entertainment in the Academy of Music last evening under the auspices of the High School was quite well attended. The show was well worth the price of admission.

CUT THIS OUT—IT'S WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Consumptive, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache, and sluggish bowels.

When Missy Travels on
Thanksgiving

When Missy travels for her Thanksgiving Festival or if she stays at home she wants to be dressed for the occasion. And this store stands ready to aid her in preparing that outfit at a lower cost.

This week we have three exceptionally clever items and you'll do well to slip in here and look them over. Here they are:

Nervous
Women

Nothing is so good for you as Vinol
our Cod Liver and Iron Tonic.
It invigorates the nerves
and creates strength.

Here is Reliable Proof:

Union Hill, N. J. — "I suffered from
a nervous breakdown, was anemic,
thin, had a stomach trouble and could
not eat, sleep or work. I had doctored
without benefit until one day I read
about Vinol, and after taking one bot-
tle I began to improve. It strengthened
my nerves, gave me a good appetite,
and I sleep well and feel better in every
way." — Mrs. CHARLES WEST.

The reason Vinol is superior to any
other remedy is because it contains the
choicest and most famous body-building
and strengthening tonics known to
medicine.

Your money back if it fails.

Our Profit from
all Sources

The American Public does not believe all it reads.
It insists on being shown.

When Swift & Company says its profits are only
a fraction of a cent per pound, many believe we are
not telling the whole story—that there are hidden
profits.

Here Are The Facts:

Our net profit on our entire business for the year
1918 amounted to only 1.76 cents per dollar of sales,
or less than one-half cent per pound, and

1. Included profits from hides and all other
by-products.
2. Included profits from all sundry side-lines.
3. Included profits on all subsidiary corporations.
4. To sum up—it included the entire profit from
every source of revenue in which
Swift & Company has any interest.
There are no other profits.

Furthermore our accounts have been checked and
certified annually by leading public accounting firms.

Swift & Company is sincerely trying to get the
facts before the public. If you have any questions re-
garding our business—write us—and we will do our
best to answer them. In discussing the packing
business be sure you have the facts and that you are
not unintentionally spreading misinformation.

If you get the facts we have no doubt as to
the verdict.

VOLUME XIV

THE CLEARFIELD PROGRESS, CLEARFIELD, PA. TUESDAY EVENING NOVEMBER 18, 1919

NUMBER 110

WILL REQUIRE WEEKS TO MAKE THE SCALE

FREIGHT EMBARGO AND RESTRICTION ON OTHER FACILITIES IS CONSIDERED

MORE MINES ARE IN OPERATION TODAY BUT PRODUCTION STILL WOEFULLY SHORT OF DEMAND

KANSAS TRYING AN EXPERIMENT

WASHINGTON, D. C. Nov. 18—Miners and operators agreed today that the negotiations now going on may require weeks. Direct negotiations were called off yesterday to permit operators to meet and prepare counter proposals to the miners' demands. Operators were in session today and again last night. They hoped to present their proposals today. The proposals will include a substantial wage increase but the increase will not approximate the 60 per cent. demand asked by the miners Saturday when negotiations opened, the operators said. Miners contend they are asking nothing else.

May Embargo Freight and Reduce Passenger Traffic

CHICAGO, Nov. 18—An embargo on all freight shipments and a 50 per cent. reduction of passenger service to conserve the supply of coal was to be considered at a meeting of railroad directors with Director of Railroads Hines here today. The supply of coal due to the miners' strike is growing small and immediate drastic steps must be taken to save the fuel for necessities it was said before the meeting.

The Kansas Method

PITTSBURGH, Kansas, Nov. 18—Governor Henry J. Allen today began his appeal to miners of the southern district of Kansas to dig coal for the people of the state this winter. This is the second step of the state government to save the citizens of Kansas from suffering. He will visit the miners' camps this week to urge the men to return to work under the state's direction following the Kansas Supreme Court action in taking over the operation of the mine property. Under the court's order, the mine owners are ousted and the state operates the property.

The attitude of the miners toward the state's directorship was prohibitive today. Approximately 8,000

H. & C. TELEPHONE COMPANY EMPLOYEES ORGANIZE.

A meeting of the heads of departments in Clearfield and adjacent exchanges met at the General office this morning and elected a committee of one male and two female employees to represent them at the General Council, which will meet from time to time, to adjust all differences, confer on ways and means of increasing the efficiency of the general force, and in every way possible, improve the service to the general public.

All expenses in connection with this organization including transportation and hotel expenses of employees attending meetings are paid by the company, also full salaries when engaged in such work.

The aim is to increase a spirit of co-operation among the employees, and by so doing increase the general efficiency and ultimately to benefit the public by improved service.

HEARST BUYS BRISBANE PAPERS

WASHINGTON.—The Washington Times, purchased by Arthur Brisbane in 1917, has been sold to Wm. Randolph Hearst, it was announced today. "I have also sold Hearst my newspaper in Milwaukee, the Wisconsin News, purchased by me a year ago," Brisbane said. Brisbane will continue to edit the Times.

The Local Situation

According to information gathered locally from all sections of District No. 2 this morning there are a number of operations throughout the district which are working at full capacity, while at a great number of places there is some coal being produced.

Those reporting full capacity today are: Snowshoe, one mine in the Broad Top region Cardiff mine at Nanty-Glo the Glenwhite mine at Galitzin, Eureka No. 29 at Becaria, Midvale No. 3 and 4 of the W. A. Gould mines, and the Glenside mine. Boardman and Rossiter were reported working yesterday.

The Liberty mine which is one of the Swoope operations reports 60 per cent. production today. Yesterday this mine loaded sixteen cars. Viola No. 1 at Janesville reported 30 per cent. production. Glenmary, Eagle Colliery, Red Jacket mine and the Cushtak mine reported from 50 to 60 per cent. Along the B. R. & E. there is reported to be a gradual resumption of work.

The Phillipsburg region, practically all of Houtzdale, Spangler, Barnesboro, Winburne, Morrisdale and Clymer are completely closed down.

THE FREIGHT WON

Cal Parros and Frank Athens, the Curwensville confectioners were traveling between Clearfield and Curwensville last evening about 6 o'clock. They were traveling the river road in a Ford and attempted to beat a Pennsylvania freight train to the crossing above Riverview bridge. It was a close heat, but judging from the remains of that flavor the freight won. As they approached the crossing and saw a collision was inevitable the "cranky butchers" both leaped from their fast moving machine and the poor old Ford tumbled alone onto the track ahead of the engine. The car was a total loss but nobody hurt.

Mrs. G. B. Shively, of Woodland, was shopping in town yesterday.

LUCKY AND UNLUCKY TURKEY HUNTERS

Bowman Brown and Henry Rhine were the only Clearfield hunters to celebrate the opening of the wild turkey season by bagging wild turkeys. These lucky hunters were down in Clinton county and each landed a fine turkey opening day.

County Treasurer Kline, Leslie Stewart and Tom Bowman are over in Hartington county yet after turkeys. It is said the farmer they used to get them from, has moved away from that county.

NAME SELECTED FOR LOCAL POST OF THE LEGION

John Lewis Shade, First Local Boy to Die in Action, Honored in Naming of Post

OFFICERS ARE ELECTED

The meeting of the local American Legion in the K. of C. hall resulted in the official naming of Clearfield post and the election of officers for the ensuing year.

The post was officially designated as John Lewis Shade Post No. 6, American Legion. The name was given in honor of and to perpetuate the memory of John Lewis Shade, the first heroic Clearfield boy to die in action against the Hun on the western fields of France.

The election of officers resulted as follows:

Post Commander—Fred E. Harr. Vice Commander—Earl Shirey. Post Adjutant—Harry R. Evans. Finance Officer—James Mitchell, Jr. Historian—R. H. McWhinney. The annual dues were fixed at \$5 per year, apportioned as follows: National, \$1.00; State, 50c, and local dues, \$1.50.

The following Executive Committee was appointed: Julian Chase, Chairman; Dr. W. S. Piper, Samuel Powell, Clarence Kramer and Dent Holden.

The Post decided to accept the offer of the Knights of Columbus of their rooms as a meeting place for the present.

The Armistice day dance committee reported a balance of \$72 after all expenses had been paid.

Delegate Prosser made his report on the work of the national convention.

The thanks of the Post were extended to J. L. Shillenn, C. M. Rhine and Stewart's Drug store for cigars donated for the smoker.

WILSON'S HEALTH STILL DEMANDS VIGILANCE

WASHINGTON, Nov. 18—President Wilson is not showing such a steady gain that he cannot have a relapse it was learned today. His physician is still exercising the greatest care. His progress is better than had been hoped for. His health is better from day to day.

PRESIDENT VETOES CUMMINS RATE MAKING BILL

WASHINGTON, Nov. 18—President Wilson today vetoed the Cummins rate bill which would have restored the Interstate Commerce Commission to its pre-war power over railroad rates.

STOCK OPENINGS

NEW YORK.—Prices were irregular at the stock market opening today. United States Steel opened at 105 3/4 unchanged, Studebaker at 11 1/2 up 1/4, Baldwin at 105 1/2 up 3/4, Bethlehem B. at 96 up 1/4, Republic Steel at 107 1/4 unchanged, and General Motors at 319 3/4 up 2 1/2.

CONCERT THURSDAY EVENING

The advanced pupils of the Susquehanna College of Music will give a recital in the College of Music Thursday evening at 8:15. Among the pupils taking part will be the 1920 graduates—Miss Wanda Hatch and Miss Anna Way, whose playing last year attracted so much attention. There will also be fine vocal numbers.

BAPTISTS ATTENTION

There will be an important business meeting at the Baptist church Wednesday evening at 7:30. Every member is requested to be present. N18-25ch

Mr. and Mrs. E. A. Gollinger and Mrs. C. M. Minton of New York City are the guests of their mother, Mrs. James M. Gollinger on South Fourth street.

MAYOR VETOES ALLEY PAVING ORDINANCE

Council Passes Resolution Curbing Repair Expenses Of the Fire Dept.

OTHER MATTERS DISCUSSED

Nine of the twelve members of Town Council participated in the deliberations of that body at the regular semi-monthly meeting in the borough building last evening. Burgess Chase was also present.

Following the usual routine business when President Fletcher called for a report from the Burgess, Mr. Chase returned the Ordinances providing for the paving of the alley leading from Cherry to Walnut street between Second and Third street with the following veto.

Clearfield, Pa. November 15, 1919

I veto the ordinance passed by council on the third day of November, 1919 which provided for the paving of the alley between Cherry and Walnut streets, lying between Second and Third streets for the following reasons:

First: I do not think the Borough funds should be spent to pave alleyways until the streets are put in proper shape. Third street, one of the most important business streets in the city has been and is in a disgraceful condition; also a large part of Fourth Street; also Leavy Avenue between Third and Second streets; also Gulien Avenue on the West Side. All of these streets are in very bad condition and should be repaired before any more ordinance to pave alleys has been passed. I believe it would be more acceptable and beneficial to the people of the town if the funds provided for in the ordinance passed by council would be spent in improving the streets which I have mentioned above.

I think a few loads of ashes in the alley which has been mentioned in the ordinance passed by council would make it possible until the Borough improves some of its important streets and is in a better financial condition to make the improvement of the said alley.

I therefore veto the ordinance of the Third day of November, 1919.

JOHN M. CHASE

Burgess W. L. Wall presented a petition signed by about twenty citizens residing in the vicinity of Textile and Crozier Avenues asking that street lights be located in that section. A report by and asked to council for similar petition from the Clearfield Textile Co. was also read to council, in which a fire plug was also asked for. The applications were referred to the proper committees, council being of the opinion the request

TREATY FIGHT IN ITS LAST CHAPTERS

Both Sides Sparring For Final Advantage With Some Hope Yet For Harmony to Prevail

VOTE IS LIKELY TOMORROW

WASHINGTON, Nov. 18—Efforts to win a favorable decision on the peace treaty were going on today. Administration leaders who oppose the Lodge reservation were trying to get together with the mild reservationists on the Republican side.

Republican leaders insist that President Wilson's statement that he will pocket the treaty if the Lodge reservation wins has fallen on deaf ears in the Senate. Some mild reservationists also held that view. Others, however, are said to be contending with Senator Hitchcock on the compromise

should be granted as soon as possible. A communication was read from David C. Atkinson announcing the stopping of work on their strike, and job and offering the return of a through roller.

Borough Solicitor Urey presented the necessary resolution for the assessment of the cost of paving the Opera House alley and after being read the council the same was unanimously passed. The total cost of the improvement was \$878.68 and the cost per foot, \$4.32, one third of which was borne by the borough. The remainder was assessed against the properties abutting on either side of the alley at the rate of \$1.46 per foot. The borough's share of this alley paving was \$22.88.

Complaint of A. R. Chase, Esq., on behalf of Hiram Schiefer, regarding water running from the west end of the Second street bridge approach was referred to the county commissioners, as they had jurisdiction over the bridge approaches.

Bill to the amount of \$152.50 to repairs to the Elk Hose company truck on account of damage received while attempting to respond to a fire alarm from Woodland last month, created a great deal of discussion and the following resolution was unanimously adopted:

Resolved, That the Fire Department be at once notified that hereafter all bills for supplies, repairs, etc. for any of the fire apparatus must be requisitioned of and ordered by the Property committee of council, and that no bills from the Fire Department will be honored by council except by and asked to council for payment by said Property committee.

Notice to build sidewalks in front of their properties on Daisy street were ordered served upon A. J. Pratt, William Coleman and Cecil Minton.

The Property committee was instructed to have necessary repairs made to roof of Elk Hose house, and notify Mrs. Wilson Holt to remove her building which is leaning over against the fire house.

Engineer Hess reported the Biggs Avenue sanitary sewer about completed.

L. D. Ogden, of Baltimore, is the guest of Clearfield friends at present.

HUNTING CLUBS BUYING LARGE LAND TRACTS

Whitmer-Steel Company Disposing of Several Eleven Hundred Acre Warrants.

ARE DESIRABLE PROPERTIES

The Whitmer-Steel Lumber Company have almost completed their lumbering operations in Clearfield county and have piled much of their log load extending from the mill on the West Side out into the mountains north of town. The railroad equipment is being shipped to the large operations of the company in Virginia. Now that the timber has been removed the company is selling the surface of their 20,000 acre tract to local sportsmen for fishing and hunting reserves.

During last summer the Punxsutawney Hunting club purchased four 1100 acre tracts along the headwaters of Trout and Laurel runs and will convert the entire 4400 acres, some of which would make fine farm land into a hunting preserve, upon which they already had selected a handsome and commodious hunting camp.

Last week the Stone Run hunting club, composed of local sportsmen, closed a deal with the Whitmer-Steel Company for tracts No. 5303 and 5304, of 1100 acres each, located on the headwaters of Stone and Little Run in Lawrence township. This club also has a well appointed hunting camp about the center of this plot. Their property is two miles square, extending from a point just beyond the "Big Prairie" the McGee road to a line which crosses Stone run about one-half mile above the Barnett dam. It is about as desirable a location as could be picked out in this section and is considered a highly advantageous purchase.

The Pitch Pine Hunting club are negotiating with the Whitmer-Steel people for warrants Nos. 5304 and 5305 immediately joining the Stone run property on the north and paralleling it along the McGee road. The Pitch Pine camp is also on this tract. Both these tracts join the Punxsutawney club purchase.

LINEMAN KILLED AT THE POWER PLANT TODAY

Paul E. Root, Young Man With A Widowed Mother, Knew's Death In Performance of Duty

FELL FROM TOP OF POLE

Paul E. Root aged about 19 years, was instantly killed about 9 o'clock this morning at the local power plant of the Penn Public Service company, his head and breast having been crushed in a fall from a pole.

The accident occurred while a force of workmen were engaged in removing a section of smoke stack which had broken off and was dangling in the air. Young Root was located on the top of a twenty-foot pole on the Third street side of the plant to which a guy wire from the stack was attached. Another man was placed in a similar position on the other side with instructions to cut the guy wires as the stack was lowered. When this wire was cut and the strain or weight transferred to the pole Root was on it snapped off at the ground and he was hurled to the ground the pole falling on top of him and crushing his life out.

Dr. W. Terworth was quickly summoned from his home nearby and arrived on the scene in a very few moments, but his services were not required as death had been instantaneous and the young man never knew what hit him.

Paul E. Root lived with his widowed mother, brother and sister in the rear of the Clearfield Milk depot. He had been employed by the H. & C. Telephone company and Penn Public Service company as a lineman for some time. He was an industrious, energetic young man and enjoyed the outdoors and was a member of all who were in and his sudden taking off was a sad shock to his loved ones and numerous friends.

ORDERED TO STAY OUT OF COUNTY, HE RETURNS: IS KILLED

YOUNGSTOWN, Nov. 18 — Because he disobeyed the sentence of the court that he remain out of the county John Henry was murdered last night. Two neighbors, Edward and Charles Rodney, brothers, are charged with the murder.

Henry was convicted three years ago of carrying concealed weapons and was ordered to remain out of the county. He returned recently and last night engaged in a fight with the Rodney brothers. One of the men is said to have struck him on the head with a club. He died ten minutes later.

COMPENSATION HEARINGS HERE TODAY

Compensation Referee Jacob Snyder heard argument at the court house today in a number of disputed compensation cases which have been pending for some time.

The first case heard was that of Clara Moore who is suing a diamond drilling company he was teaming for August 28th last when he received serious injuries in a runaway accident. Peter Run fell near Boardman, Moore suffered four broken ribs and injury to his spinal column and claims he should be further compensated, although the company contend he has fully recovered.

The case of Wallace Chase against the Lewis Emery Oil Co. was heard this afternoon. Mr. Chase seeks compensation for injuries received when run down by an automobile on Nichols street in September of 1918.

Jacob McCracken of the 6th Infantry, First Division U. S. A. is home from Camp Zachary Taylor on a 30 day furlough visiting his parents Mr. and Mrs. J. M. McCracken at 223 West Sixth avenue.

PLEASE ACCEPT OUR APOLOGIES

Today we are back to pre-war days pure and simple with four little pages headed by the editors with advertising and while it contains all the news of the day it is not put up in the shape that we have been in the habit of putting it up recently. The cause of all this is the shortage of electric power all of this morning. We had no power to work with until about noon and we, of necessity, were compelled to cull the news, cut out all features and eliminate two pages of advertising matter as well. We hope to be back to true form tomorrow evening.

Care of the Shoes.

Shoes have soared in price even faster and higher than other necessities, and shoe men tell us that prospects for their coming down to anything like reasonable prices are not at all cheerful. The one good thing that will come out of this experience for the average woman is that she will learn to take better care of her footwear and make it last longer, and that she will use more judgment in buying her shoes. The big per cent of crippled feet among American women is a reflection on their good sense. They have the best-looking shoes in the world at their service, but will not learn that it is fatal to cramp the foot.

The everyday walking shoe, like the tailored suit, is the most important item in the selection of footwear. Two pairs of these of substantial leather and comfortable heels must be worn alternately and maintained in good repair, for the sake of appearance and economy. Women who are experienced in buying get two pairs on the same last at one time, and two pairs of high shoes with one of low ought to see one through a year for street wear. Before they are put on the feet they should be re-enforced at the heels, if the wear is inclined to wear them off at one side. The point is that they must be maintained in first-class repair all the time and not allowed to get out of shape or run down. Tan shoes should be dressed or "shined" before they are worn.

A pair of shoe trees is necessary for every pair of shoes and whenever a shoe is off the foot the shoe tree should be placed in it. Next in importance to

this is the sort of dressing used. It is economy to discover and buy the best—that is, one that contains some oil and will not harm the leather. By keeping shoes not in use clean and dressed with the right polish the life of the leather is increased fifty per cent. It is very easy also to cover them to protect them from the dust. These precautions taken with dress shoes will make them last a long time also.

Driving a motorcar is hard on shoes. The back of the shoe above the heel gets scuffed out and needs protection. Clever women use a pair of socks to protect the shoes in the car. They cut out the toes of these and slip them on over the shoes while driving. It is easy to slip them off and on.

Leather canvas shoes for summer wear remarkably well. In these as in leather shoes the secret of keeping them a long time lies in keeping them in repair—not allowing them to run much run down before getting them to the shop for repairs.

Julio Bottomly

Net Stockings Now.

Sheer tulle and silk hosiery. It seems not cool enough for summer days. Net stockings are the thing now—at least one sees them in the shops displayed with the newest models of buckled slippers and smart buttoned walking boots. One may have net stockings in black or white and now of them have checks or other embroidered motifs.

Just Watch Him

He is one of our depositors, said a Bank President to a merchant, as they passed a bright boy selling papers.

Now watch him grow, goes to school and spends his spare time selling papers and in this way is learning in a few years more than most men learn of human nature in a life time.

The Clearfield Trust Company takes particular pride in its boy depositors. Are you one?

32 Shopping Days
Until Christmas
And It Is Important
This Year That
You Shop
EARLIER

Never before in the history of merchandising has it been imperative that you go your Christmas shopping early. Production is farther behind the demand than in any time in history. We cannot obtain from our manufacturers and jobbers any certainty that deliveries of merchandise will improve—in fact these folks claim that conditions will get worse as the holidays approach.

Thus it behooves you to begin your Christmas shopping earlier than ever before.

To The Public:

Your attention is directed to the most notable meeting of the year. It is the opening of the Driggs Theatre on Thursday and Friday nights. GERALDINE FARRAR, the most beautiful and most successful actress of the world, is in the main.

It is a dramatic story of a young man in which an American singer is thrown into the chaotic confusion of revolution and finds his life in an effort to save an orphaned girl who has scorned her love.

A photograph of tremendous emotional intensity, pulsating with the conflict of heroic men and women, grappling with the pathos of a great love that time and circumstances have denied realization.

Miss Farrar is supported by the distinguished actor, J. N. LAWRENCE, who will appear in our next month's in his latest play.

Driggs Theatre

Orchestra 35 Cents - Balcony 25 Cents

That's Right, Say I Want Celery King

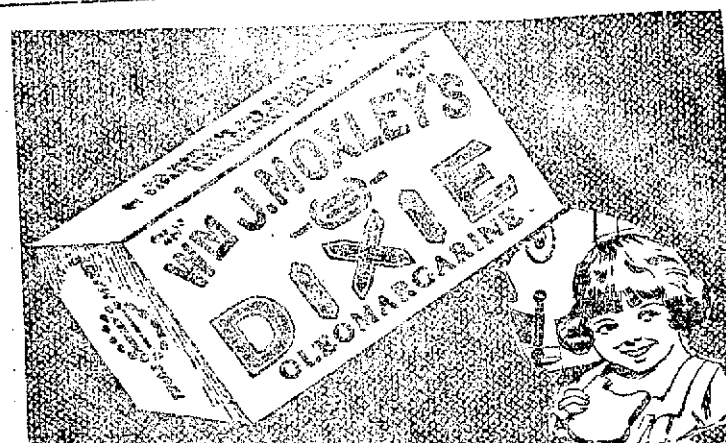

Get a package tonight. It's cheap and you can brew a lot of tea with one package.

Take a cup every other night to regulate your bowels, to purify your blood and make you strong as you can withstand an attack of indigestion if it happens to come along this winter.

It's one great vegetable, laxative, and it won't cost you but a few cents to find it out.

Children like it and it's no harm to them. And you can give them when they are ailing.

Keep it in the refrigerator.

Here's To Her Health!

We Pasteurize* every gallon of milk and cream that goes into DIXIE Margarine—and we use thousands of gallons daily—and we Pasteurize* every other ingredient.

So that we KNOW that DIXIE is absolutely pure, absolutely wholesome, absolutely healthful.

Milk and cream are supposed to be Pasteurized and clarified before they ever leave the milk stations in the country. But we don't take anybody's word for so vital a thing as Pasteurization.* We Re-Pasteurize and Re-Clarify it and then we KNOW.

And by that sign and in that DIXIE name, YOU know.

So here's to the health of the Kiddies all over the land! Give them all the DIXIE they can eat. Let them spread it on thick. It costs from a third to a half less than butter. So you don't have to worry about the price. It tastes like butter. So they will like it. And it has even a higher Food Value than butter. So it will build them into little huskies, every one.

Buy it, let them try it and see for yourself.

*Ask your family physician how vital Pasteurization is.

For Liver and Bowels Dr. Carter's K. and B. Tea

A Mild, Gentle, Vegetable, Laxative and Healthful Drink

You can keep the whole family in good health if you will brew a cup of vegetable tea every other night and have them drink it just before going to bed.

For very little money you can get a package of Dr. Carter's K. and B. Tea and after you and the dear ones have used it for a week you'll say it's the best, gentlest and most complete tonic laxative you ever ran across.

For stomach, liver and bowels and to purify the blood, nothing is more reliable. Give it to the little ones when they get feverish and can't eat. They like it and it does them lots of good.

Begy's Mustarine For Sore Throat And Chest Cold

Just rub on Begy's Mustarine if you want to get rid of that cold on the chest, bronchitis, pleurisy or sore throat in double quick time. It cures in 10 minutes and you can get a big yellow box of this original, real mustard plaster improvement at a very small price.

A box is equal to 50 blistering mustard plasters and with it you can stop toothache, headache and earache in 10 minutes. Prescribed by doctors for 15 years. Nothing so quick and effective to end rheumatic pains, neuritis, neuralgia and lumbago.

Be sure it's Begy's Mustarine, the original in the yellow box. The 60 cent size contains two and one-half times as much as the 20 cent size. It's great for children and frost-bitten feet.

Money back if it isn't by far the best mustard preparation on the market.

Be sure it's Begy's Mustarine, the original in the yellow box. The 60 cent size contains two and one-half times as much as the 20 cent size. It's great for children and frost-bitten feet.

Cigarettes

"Let's give 'em our smoke"

—Ches. Field

A real smoke—Chesterfield. The choicest of expensive aromatic Turkish tobaccos, the finest of sun-ripened Domestic leaf, blended by an original and exclusive method that can't be imitated.

In the blending of these costly tobaccos, our experts have brought out a new flavor and a mellow richness surpassing that of any cigarette you ever smoked.

Chesterfields sure do satisfy; not in flavor alone, but in value, in quality, even in their superior moisture-proof wrapping that keeps them firm and fresh always.

You want "satisfy"—that's sure. You get it only in Chesterfields.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Edward Gerill, chief engineer at the P. R. & L. tannery has been off duty trying to cure a case of rheumatism. Johnny Haulton has charge of the steaming department during his absence.

Sunday was a joyous day among the members and attendants of the M. E. church. Two or three sessions were held during the day. At the evening services thirty converts were taken in on probation. These revival meetings started on November 1st and up to the present time there has been fifty-three conversions. The meetings are increasing in interest nightly and the attendance thereof has been larger than any one expected they would be under present conditions.

Harry Smith living along Lumber City road, met with a serious accident on Monday on the Watts farm. Though not employed on the farm he was asked by the driver of the team to drive it one trip. While thus engaged one of the horses kicked him, throwing him several feet and injuring him so severely that he had to be taken to his home. Dr. Woodside was called and found that two ribs had been broken. It was a very painful injury and will keep them from his work at the Paterson clay mines for some weeks.

The entertainment in the Academy of Music last evening under the auspices of the High School was quite well attended. The show was well worth the price of admission.

CUT THIS OUT—IT'S WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Consumptive, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly clumping cathartic, for constipation, biliousness, headache, and sluggish bowels.

When Missy Travels on
Thanksgiving

is at the bottom of most digestive ills.

KI-MOIDS

for indigestion afford pleasant and prompt relief from the distress of acid-dyspepsia. MADE BY SCOTT & BOWEN, HARBOR OF SCOTT'S EMULSION

THIS WOMAN FOUND RELIEF

Men and women suffering from backache, rheumatic pains, stiff and swollen joints, lameness and soreness, will be glad to read how one woman found relief from kidney and bladder trouble. Mrs. G. Hyde, Homestead, Mich., writes: "I have been trouble with weak kidneys, and several times in the last ten years, I had that terrible backache and tired out feeling, scarcely able to do my work. Fole-Kidney Pills made me feel like a new person."

Insure Your Eyes

To lose your eyesight is one of the most dire calamities that could befall you. Insure it in the autumn of your life by having your eyes examined at once. Having proper glasses is the best eye insurance you can take out. I can fit that sort of glasses to your eyes.

Nervous Women

Nothing is so good for you as Vinol our Cod Liver and Iron Tonic. It invigorates the nerves and creates strength.

**Here is Reliable Proof:**

Union Hill, N. J. — "I suffered from a nervous breakdown, was anemic, thin, had a stomach trouble and could not eat, sleep or work. I had doctored without benefit until one day I read about Vinol, and after taking one bottle I began to improve. It strengthened my nerves, gave me a good appetite, and I sleep well and feel better in every way." — Mrs. CHARLES WEST.

The reason Vinol is superior to any other remedy is because it contains the choicest and most famous body-building and strengthening tonics known to medicine.

**Our Profit from all Sources**

The American Public does not believe all it reads. It insists on being shown.

When Swift & Company says its profits are only a fraction of a cent per pound, many believe we are not telling the whole story—that there are hidden profits.

Here Are The Facts:

Our net profit on our entire business for the year 1918 amounted to only 1.76 cents per dollar of sales, or less than one-half cent per pound, and

1. Included profits from hides and all other by-products.
2. Included profits from all sundry side-lines.
3. Included profits on all subsidiary corporations.
4. To sum up—it included the entire profit from every source of revenue in which Swift & Company has any interest. There are no other profits.

Furthermore our accounts have been checked and certified annually by leading public accounting firms.

Swift & Company is sincerely trying to get the facts before the public. If you have any questions regarding our business—write us—and we will do our best to answer them. In discussing the packing business be sure you have the facts and that you are not unintentionally spreading misinformation.

If you get the facts we have no doubt as to the verdict.
